With the new release of Windows 10, New Horizons is now offering Windows 10 training and certification! For a limited time only, receive a FREE Microsoft Surface Pro 3 whenever you enroll in any of the eligible Windows 10 training courses.*

Install and Configuring Windows 10 (20697-1)
This course is designed to provide students with the knowledge and skills required to install and configure Windows 10 desktops and devices in a Windows Server domain corporate environment. These skills include learning how to install and customize Windows 10 operating systems and apps, configure local and remote network connectivity and storage, and how to configure data security, device security, and network security.

Deploying and Managing Windows 10 Using Enterprise Services (20697-2)
Students learn how to plan and implement Windows 10 deployments in large organizations by managing the Windows 10 installations after deployment to provide secure identity and data access using technologies related to Group Policy, Remote Access, and Device Registration.

Call 855-472-8232 or email info@newhorizons.com for more details and to get this exclusive offer today!
